

SAFETY DATA SHEET

SECTION 1: PRODUCT IDENTIFYER & IDENTITY FOR THE CHEMICAL

1.1 Product Identifier

Product Name **Increase Organic**
Synonym(s)

1.2 Relevant identified uses of the substance or mixture and uses advised against

Use(s) Agricultural applications. Nutritional supplement providing a source of copper, zinc, cobalt and biostimulants for gut bacteria.

1.3 Details of the supplier of the safety data sheet

Supplier Ultra Grow Pty Ltd
t/as Fair Dinkum Fertilizers
4 Glenbarry Road, Campbellfield Vic 3061
T: +61 (0) 3 9357 5488
E: office@fairdinkumfertilizers.com

1.4 Emergency telephone number

03 9357 5488

SECTION 2: HAZARD IDENTIFICATION

2.1 Classification of the substance

NOT CLASSIFIED AS HAZARDOUS according to Safe Work Australia Criteria
NOT CLASSIFIED AS DANGEROUS GOODS according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. (7th edition)

2.2 Label elements

No signal word, pictograms, hazard or precautionary statements have been allocated.

2.3 Other hazards

No information provided

SECTION 3: HAZARD IDENTIFICATION

3.1 Substances / Mixtures

| <i>Ingredient</i> | <i>CAS Number</i> | <i>EC Number</i> | <i>Content</i> |
|---------------------------|-------------------|------------------|----------------|
| Kelp | - | - | 8% to 15% |
| Potassium Citrate | 866-84-2 | 212-755-5 | 10% to 18% |
| Molasses | 68476-78-8 | 270-698-1 | 2% to 3% |
| Proprietary Ingredient(s) | Not Available | Not Available | <15% |
| Water | 7732-18-5 | 231-791-2 | 50 to 60% |

SECTION 4: FIRST AID MEASURES

4.1 Description of first aid measures

| | |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eye | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| Inhalation | IF INHALED: remove patient from contaminated area. Apply artificial respiration if not breathing. |
| Skin | IF ON SKIN: Wash with plenty of soap and water. Remove contaminated clothing and flush skin and hair with running water. Continue flushing with water until advised to stop by a poisons Information Centre or a doctor. |
| Ingestion | For advice, contact a Poisons Information Centre on 13 11 26 (Australia wide) or a doctor (at once). |
| First aid facilities | None allocated |

4.2 Most important symptoms and effect, both acute and delayed

Adverse effects not expected from this product under normal conditions of use

4.3 Immediate medical attention and special treatment needed

Treat symptomatically

SECTION 5: FIRE FIGHTING MEASURES

| | |
|------------------------------------------------------------------|--------------------------------------------------------------|
| <u>5.1 Extinguishing media</u> | Use an extinguishing agent suitable for the surrounding fire |
| <u>5.2 Special hazards arising from the substance or mixture</u> | Non flammable. May evolve toxic gases if strongly heated. |
| <u>5.3 Advice for firefighters</u> | No fire or explosion hazard exists |
| <u>5.4 Hazchem code</u> | None allocated |

SECTION 6: ACCIDENTAL RELEASE MEASURES

| | |
|--------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <u>6.1 Personal precautions, protective equipment and emergency procedures</u> | Wear Personal Protective Equipment (PPE) as detailed in section 8 of the SDS |
| <u>6.2 Environmental precautions</u> | Prevent product from entering drains and waterways |
| <u>6.3 Methods of cleaning up</u> | Contain spillage, then cover/absorb spill with non-combustible absorbent material (vermiculite, sand, or similar), collect and place in suitable containers for disposal. |
| <u>6.4 Reference to other sections</u> | See Sections 8 and 13 for exposure controls and disposal |

SECTION 7: HANDLING AND STORAGE

7.1 Precautions for safe handling

Before use carefully read the product label. Use of safe work practices are recommended to avoid eye or skin contact and inhalation. Observe good personal hygiene, including washing hands before eating. Prohibit eating, drinking and smoking in contaminated areas.

7.2 Conditions for safe storage, including any incompatibilities

Store in a cool, dry, well ventilated area, removed from incompatible substances and foodstuffs. Ensure containers are adequately labelled, protected from physical damage and sealed when not in use.

7.3 Specific end use(s)

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1 Control parameters

Exposure standards

No exposure standards have been entered for this product

Biological limits

No biological limit values have been entered for this product

8.2 Exposure controls

Engineering controls

Avoid inhalation. Use in well ventilated areas

PPE

Eye/Face

Wear splash-proof goggles

Hands

Wear PVC or rubber gloves

Body

When using large quantities or where heavy contamination is likely, wear coveralls

Respiratory

Not required under normal conditions of use.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties

Appearance

Brown coloured liquid

Odour

Characteristic seaweed smell

Flammability

Non flammable

Flash point

Not relevant

Boiling point

>100°C <110°C

Melting point

<0°C

Evaporation rate

As for water

| | |
|----------------------------------|-----------------|
| pH | 9 - 10 |
| Vapour density | Not available |
| Specific gravity | 1.08 (approx.) |
| Solubility (water) | Soluble |
| Vapour pressure | 15 mm Hg @ 20°C |
| Upper explosion limit | Not Available |
| Lower explosion limit | Not Available |
| Partition coefficient | Not Available |
| Autoignition temperature | Not Available |
| Decomposition temperature | Not Available |
| Viscosity | Not Available |
| Explosive properties | Not Available |
| Oxidising properties | Not Available |
| Odour threshold | Not Available |

9.2 Other Information

| | |
|-------------|---------------|
| % Volatiles | < 50% (Water) |
|-------------|---------------|

SECTION 10: STABILITY AND REACTIVITY

| | |
|------------------------------------------------|--------------------------------------------------------------------------------------|
| <u>10.1 Reactivity</u> | Carefully review all information provided in sections 10.2 to 10.6 |
| <u>10.2 Chemical stability</u> | Stable under recommended conditions of storage |
| <u>10.3 Possibility of hazardous reactions</u> | Polymerization is not expected to occur |
| <u>10.4 Conditions to avoid</u> | Avoid heat, sparks, open flames and other ignition sources |
| <u>10.5 Incompatible materials</u> | Incompatible with oxidising agents (e.g. hypochlorites) and acids (e.g. nitric acid) |
| <u>10.6 Hazardous decomposition products</u> | May evolve toxic gases if heated to decomposition |

SECTION 11: TOXICOLOGICAL INFORMATION

| | |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <u>11.1 Information on toxicological effects</u> | |
| Acute toxicity | This product is expected to be of low acute toxicity. Under normal conditions of use, adverse health effects are not anticipated. |
| Skin | Not classified as a skin irritant. Contact may result in mild irritation. |
| Eye | Not classified as an eye irritant. Contact may cause mild discomfort. |
| Sensitisation | Not classified as a skin or respiratory sensitisation. |
| Mutagenicity | Not classified as a mutagen. |
| Carcinogenicity | Not classified as a carcinogen. |
| Reproductive | Not classified as a reproductive toxin. |
| STOT- single exposure | Not classified as causing organ damage from single |

| | |
|---------------------------------|-----------------------------------------------------------------------------|
| STOT – repeated exposure | exposure. Not classified as causing organ damage from repeated exposure. |
| Aspiration | Not classified as causing aspiration. |

SECTION 12: ECOLOGICAL INFORMATION

| | |
|-------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <u>12.1 Toxicity</u> | No information provided. |
| <u>12.2 Persistence and degradability</u> | No information provided. |
| <u>12.3 Bioaccumulative potential</u> | No information provided. |
| <u>12.4 Mobility in soil</u> | No information provided. |
| <u>12.5 Other adverse effects</u> | Plant nutrients may be beneficial to plants at low levels, however at high levels may cause reduced growth or burns in sensitive species. Excess may be washed through soil to waterways. Nutrients released to waterways may cause algal blooms, with potential for toxic effects on aquatic organisms. |

SECTION 13: DISPOSAL CONSIDERATIONS

| | |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <u>13.1 Waste treatment methods</u> | |
| Waste disposal | For small amounts, absorb with sand or similar and dispose of to an approved landfill site. Contact the manufacturer / supplier for additional information (if required). Ensure that appropriate personal protective equipment is used during disposal. |
| Legislation | Dispose of in accordance with relevant local legislation. |

SECTION 14: TRANSPORT INFORMATION

NOT CLASSIFIED AS A DANGEROUS GOOD BY THE CRITERIA OF THE ADG CODE, IMDG or IATA

| | LAND TRANSPORT (ADG) | SEA TRANSPORT (IMDG/IMO) | AIR TRANSPORT (IATA/ICAO) |
|-----------------------------------|---------------------------------|-------------------------------------|--------------------------------------|
| 14.1 UN Number | None allocated | None allocated | None allocated |
| 14.2 Proper Shipping name | None allocated | None allocated | None allocated |
| 14.3 Transport hazard class | None allocated | None allocated | None allocated |
| 14.4 Packing Group | None allocated | None allocated | None allocated |
| 14.5 Environmental hazards | No information provided | | |
| 14.6 Special precautions for user | | | |
| Hazchem code | Non allocated | | |

SECTION 15: REGULATORY INFORMATION

15.1 Safety, health and environmental regulations/legislation specific for the substance of mixture

| | |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Poison schedule | A poison schedule number has not been allocated to this product using the criteria in the Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP) |
| Classifications | Safe Work Australia criteria is based on the Globally Harmonised System (GHS) of Classification and Labelling of Chemicals. The classification and phrases listed below are based on the Approved Criteria for Classifying Hazardous Substances [NOHSC: 1008(2004)] |
| Hazard codes | None Allocated |
| Risk phrases | None Allocated |
| Safety phrases | None Allocated |
| Inventory listing(s) | AUSTRALIA: AICS (Australian Inventory of Chemical Substances) All components are listed on AICS, or are exempt. |

SECTION 16: OTHER INFORMATION

Additional information

EXPOSURE STANDARDS – TIME WEIGHTED AVERAGES:

Exposure standards are established on the premise of an 8 hour work period of normal intensity, under normal climatic conditions and where a 16 hour break between shifts exists to enable the body to eliminate absorbed contaminants. In the following circumstances, exposure standards must be reduced: Strenuous work conditions; hot, humid climates; high altitude conditions; extended shifts (which increase the exposure period and shorten the period of recuperation).

PERSONAL PROTECTIVE EQUIPMENT GUIDELINES:

The recommendation for protective equipment contained within this report is provided as a guide only. Factors such as form of product, method of application, working environment, quantity used, product concentration and the availability of engineering controls should be considered before final selection of personal protective equipment is made.

Abbreviations

| | |
|-------------------|------------------------------------------------------------------------------------------------|
| ACGIH | American Conference of Governmental Industrial Hygienists |
| CAS# | Chemical Abstract Service number – used to uniquely identify chemical compounds. |
| CNS | Central Nervous System |
| EC No | EC No – European Community Number |
| EMS | Emergency Schedules (Emergency Procedures for Ships Carrying Dangerous Goods) |
| GHS | Global Harmonized System |
| GTEPG | Group Text Emergency Procedure Guide |
| IARC | International Agency for Research on Cancer |
| LC50 | Lethal Concentration, 50% / Median Lethal Concentration |
| LD50 | Lethal Dose, 50% Median Lethal Dose |
| mg/m ³ | Milligrams per Cubic Metre |
| OEL | Occupational Exposure Limit |
| pH | Relates to hydrogen ion concentration using a scale of 0 (High acidic) to 14 (highly alkaline) |
| ppm | Parts Per Million |
| STEL | Short-Term Exposure Limit |
| STOT-RE | Specific target organ toxicity (repeated exposure) |
| STOT-SE | Specific target organ toxicity (single exposure) |
| SUSMP | Standard for the Uniform Scheduling of Medicines and Poisons |
| SWA | Safe Work Australia |
| TLV | Threshold Limit Value |
| TWA | Time Weighted Average |
| FDF | Fair Dinkum Fertilizers |

Report status

This document has been compiled by Fair Dinkum Fertilizers (FDF), the manufacturer, and serves as the Safety Data Sheet (SDS). It is based on information determined by the manufacturer or obtained from third party sources and is believed to represent the current state of knowledge as to the appropriate safety and handling precautions for the product at the time of issue. Further clarification regarding any aspect of the product should be obtained directly from the manufacturer, importer or supplier.

While FDF has taken all due care to include accurate and up-to-date information in this SDS, it does not provide any warranty as to the accuracy or completeness. AS far as lawfully possible FDF accepts no liability for any loss, injury or damage (including consequential loss) which may be suffered or incurred by any person as a consequence of their reliance on the information contained in this SDS.
